

Our IXL goal for second grade is to complete 90,000 problems. Please continue to practice IXL nightly. Ensure that your child is reading books at their level so they can continue to build on those skills. In January, students will have spelling homework weekly. They will also have a spelling test on Friday. Please ensure that your child is studying their words for the test.

## What are we learning?

### Math:

- Chapter 6: 3 digit addition & subtraction
- On Fridays students work in groups to complete math projects

### Being a Reader:

- Review words with oo, oi, and ou
- Review words with aw and au
- Review Words with ing
- Review suffix -ed
- Weekly spelling test

### Being a Writer:

We are finishing unit 3. Students will select a fiction story to revise and publish.

We are beginning Unit 4 in writing, a nonfiction unit. Students will write questions, facts, functional nonfiction, and expository nonfiction. They read and write about Polar Regions, and they will select a piece of writing and take it through the writing process.

We are finishing unit 3. Students will select a fiction story to revise and publish.

### Making Meaning:

We will continue working on Unit 4 on Inferences. Then we will begin Unit 5 on Wondering. The students will use wondering to understand fiction. They continue to make inferences and refer to the story to support their thinking. They consider the points of view of different characters and discuss a story's message.

### Social Studies/ Science:

Social Studies -We will compare the cultures of various Native American tribes across the U.S.
